WELCOME

The Off-Road OPUS® is a stylish and innovative multi award winning folding camper.

It is easy to tow, while also being spacious and superbly equipped. It is rugged and versatile, while also being comfortable and fun.

OPUS IS

Self inflating

just the push of a button will inflate the entire main tent in under 90 seconds!

Luxurious & homely

Double beds, kitchen, LED lighting, heating, and leatherette seating! Everything you need and more.

Adventure ready

Small and easy to tow even with a small car and able to carry up to kayaks, boats, up to 6 bikes, anything and everything.

Relaxing, practical & comfortable

Sleep up to 6 people inside with Off-Road OPUS® and you can add the AIR Awning to add room for another 4 and an additional living space!

Multi award winning

Of course we think the Off-Road OPUS® is amazing, however we're not the only ones.

SET-UP

SET-UP IN MINUTES

Wind down the corner steady supports

Unclip the Off-Road OPUS® roof lids and unfold

Press the button to start tent inflation

Set-up complete

The integrated pump automatically inflates the Off-Road OPUS® tent in under two minutes!

With the Off-Road OPUS® setting up struggles are a thing of the past. A simple 4 step process means that you will be set-up in a matter of minutes meaning more time to sit back and enjoy your adventure.

AIR BEAM TECHNOLOGY

The Off-Road OPUS® utilises our patented AIR beam technology, so that the camper tent can fully inflate at a touch of a button.

The triple layer technology ensures extra durability & reliability for your camping adventures. The AIR beams are much stronger than poles, whilst being much less hassle and weight too.

We're so confident with this amazing technology that the AIR beams in your Off-Road OPUS® come with a 2 year guarantee.

INTERIOR

OVERVIEW

The Off-Road OPUS® has been designed for use in all seasons, come rain or shine you'll have a spacious and comfortable base to return to after your adventures.

Don't let its compact stature fool you, the Off-Road OPUS® is filled with clever features that make your adventures that little bit more special!

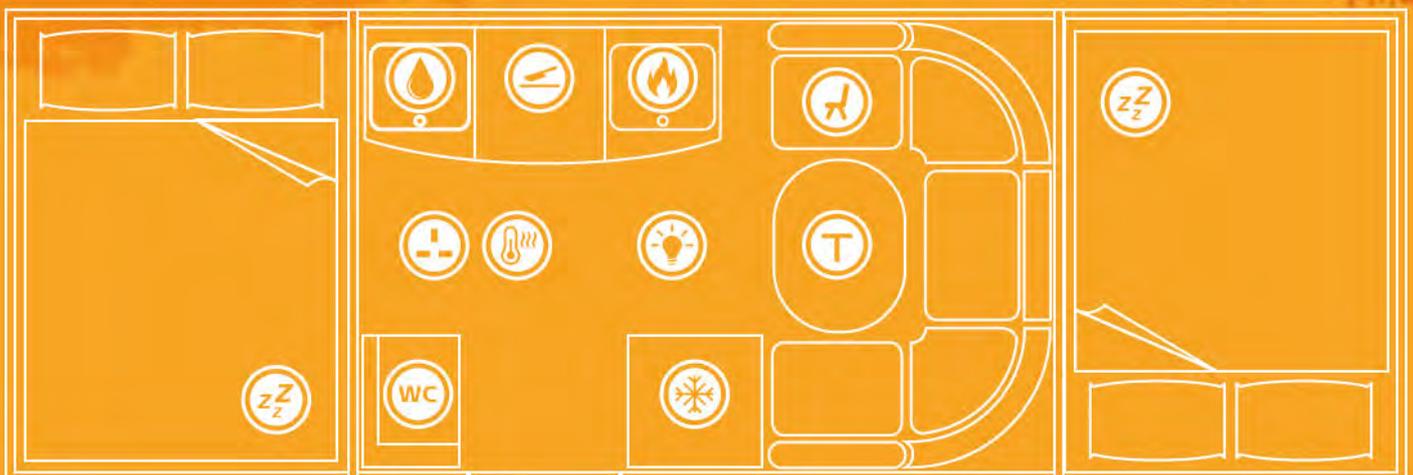

-  **Fixed double bed areas**
With inner privacy tents
-  **Leatherette seating area**
Additional double bed
-  **Double burner gas hob**
Piezo ignition + glass lid
-  **Stainless steel sink**
Glass lid
-  **3 way fridge***
Cabinet mounted + bamboo top
-  **Work surface**
Drawer unit + storage

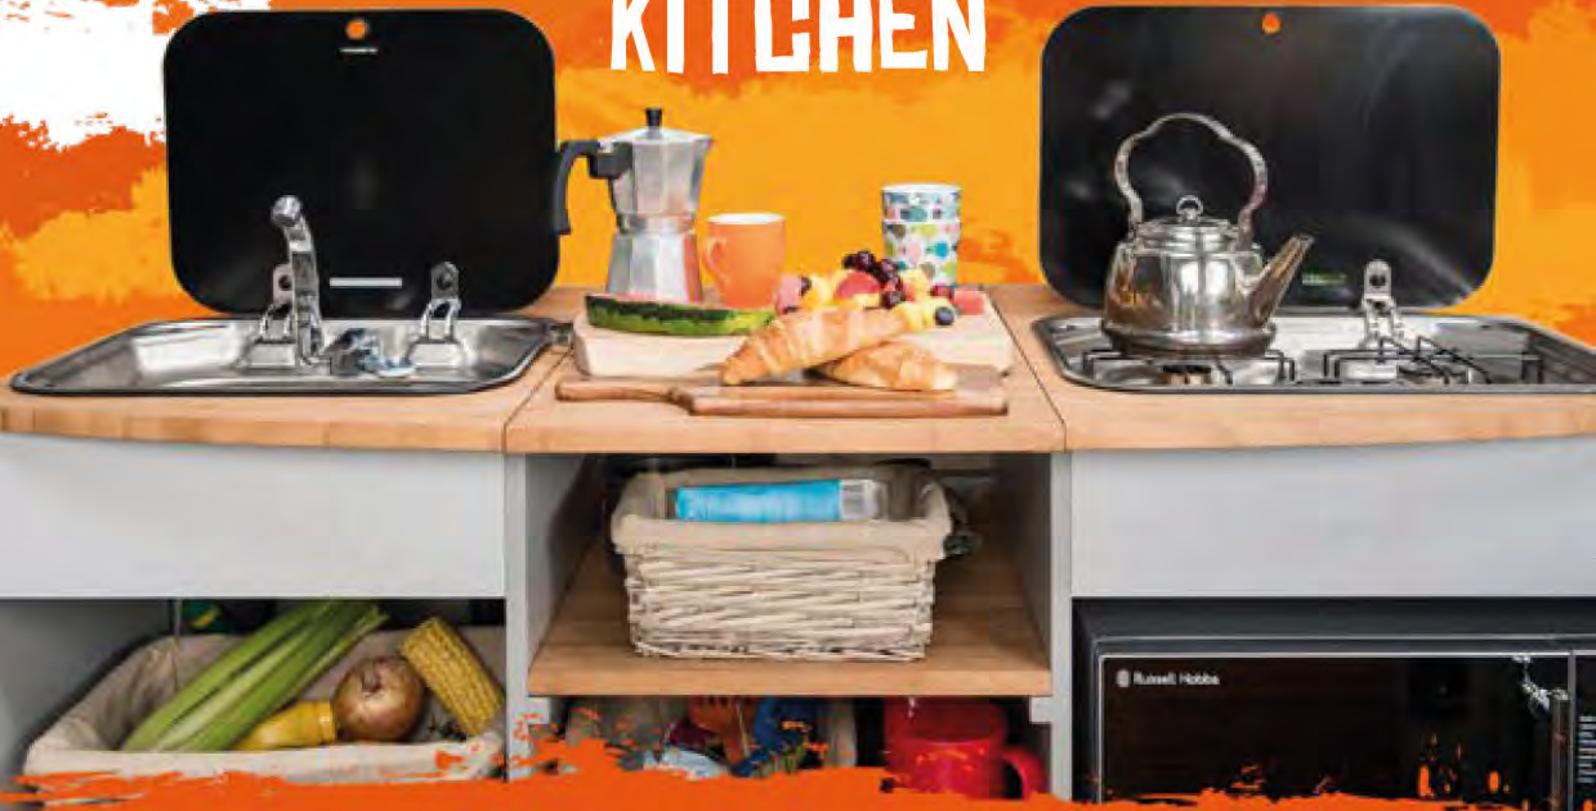

-  **Table**
Demountable
-  **Portable toilet***
/Storage unit
-  **Heater**
Mains powered
-  **Plug sockets**
3 pin, 12V & usb* power
-  **LED lighting***
12V powered & dimmable
-  **Outside cooking***
External 3 Burner Hob

* Optional extras

With over 50 customisable options creating your unique OPUS® has never been easier!

KITCHEN

Cook in style!

Just because you are away from home, doesn't mean you can't still cook great meals. The **Off-Road OPUS®** is kitted out with a fully functioning kitchen along with plenty of storage. You can even upgrade your culinary game with the slide out External 3 Burner Hob*! Check out the 'Exterior' section.

Double burner gas hob

Stainless steel design with a glass lid for extra worktop space when it's not in use. Each burner has a temperature control dial with piezo ignition.

Stainless steel sink

The sink has external drainage and a tap connected to an external pump for running water.

Work surface

All of the **Off-Road OPUS®** work surfaces are made out of precision engineered bamboo providing you with a great looking and hard wearing finish.

3 way fridge*

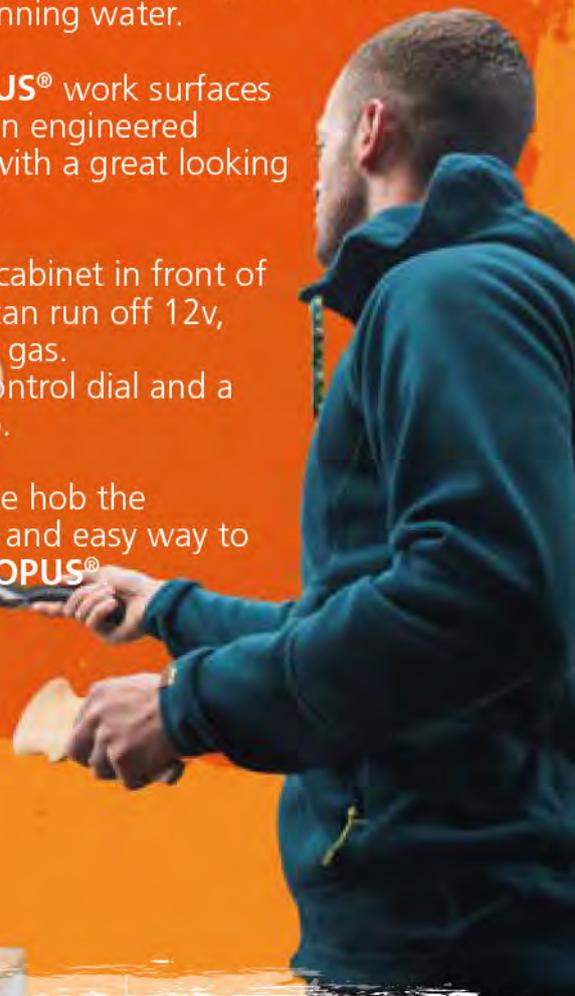

Mounted on top of the cabinet in front of the kitchen. The fridge can run off 12v, 230V electrics as well as gas. There's a temperature control dial and a custom bamboo top too.

Microwave*

Mounted underneath the hob the microwave adds a quick and easy way to cook in your **Off-Road OPUS®**.

* Optional extras

SLEEPING+SEATING

The leatherette seating and engineered bamboo table is a perfect place to relax for your evening meal, a game of cards or a drink or two, and finish the night off by drifting off into a peaceful slumber in one of the comfortable beds.

LIGHTING

* Optional extras

LED Lighting*

Light up your evening with bright LED lighting. The lights are energy efficient and can be dimmed to provide some extra ambience and can be fitted to the main tent as well as the optional AIR Awning and AIR Sun Canopy.

Fixed double bed areas

The **Off-Road OPUS®** has two fixed double bed areas at either end of the camper, both with inner privacy tents. The bed area has storage compartments along with a large panoramic window.

Leatherette seating area

With comfortable leatherette surround seating and a demountable table, there's plenty of room for everyone to sit down for the evening meal together. The seating area can be converted into a third double bed, meaning there is room for up to six people to sleep in comfort.

POWER

230V & 12V electrics

Phone battery running low or need to cool your drinks to enjoy on a warm summer's day? The **Off-Road OPUS®** has 230V & 12V sockets throughout so you'll never be without your home comforts.

HEATING

Toasty = 24/7

The electric heating system keeps things toasty even when the temperature outside drops, which means you can head out for adventures any time of the year.

SOUND + VISION

Fusion Sound System*

Music lover? Enjoy amazing sound with a bluetooth Fusion head unit and x2 marine speakers built directly into your **Off-Road OPUS®**. Simply install the Fusion app and connect your mobile device via bluetooth. The Sound System also makes the perfect addition to our Cinema System, providing surround sound whilst watching your favourite movie under canvas!

Cinema System*

The Cinema System includes a high specification battery powered projector and an integrated pull up screen, so you can watch HD movies whether you're hooked up to mains or not. The projector allows video input via USB, MicroUSB, AV/VGA, HDMI plus it's WiFi enabled.

* Optional extras

STORAGE

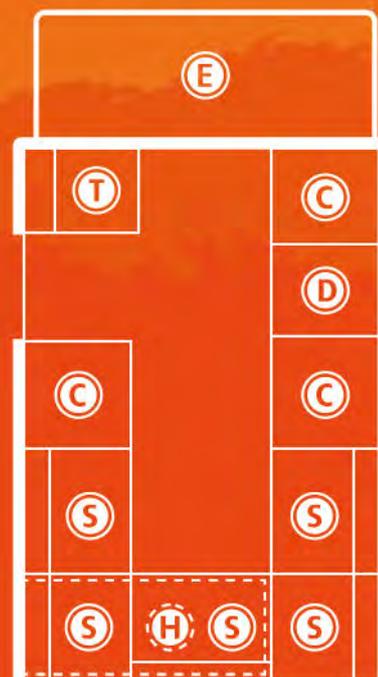

Whether you're storing bedding, camp chairs or dinner for you and your fellow campers, there's plenty of cupboards, drawers, nooks & crannies for everything and anything.

- (S) Under seat storage**
Under the leatherette seating area lies 5 cupboards, these can be used to store a microwave, and some of the seat cushions whilst packed down with plenty of space to spare.
- (D) Over heater drawer**
Above the built in heater is a handy slide out drawer, great for all of your important bits.
- (C) Under counter storage**
Beneath the kitchen and fridge surfaces a further 3 cupboards can be found.
- (T) Toilet storage**
This flip up lidded compartment can be used to store the portable toilet whilst in transit.
- (B) Bed pod storage**
If you're not utilising all of the bed pod sleeping areas these can also make very handy storage areas for larger items.

- (H) External 3 Burner Hob Drawer**
The optional pull-out external hob takes the place of two under seat storage cupboards.

- (E) Exterior storage**
The Off-Road OPUS® has even more storage on the outside, including a slide out drawer, tie down storage rack and more.

EXTERIOR

OVERVIEW

The Off-Road OPUS® has been designed for use in all seasons, come rain or shine, you'll have the perfect base to relax in after a day full of adventures!

Strong yet lightweight aluminium frame

Strength and rigidity whilst saving weight

Lightweight canvas AIR tent

With panoramic windows and 2.5 metres of headroom

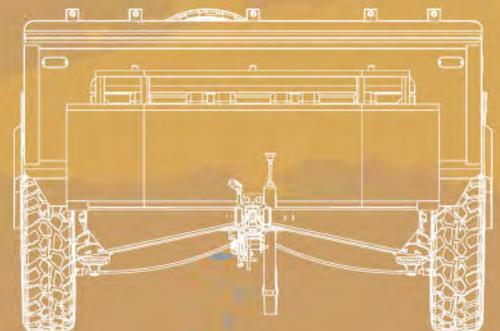

Load carrying roof for all occasions

Bring anything from bikes & kayaks to the kitchen sink!

Braked trailer with 13 pin electrics

Charge your leisure battery whilst you tow with ease

MADE IN BRITAIN

OPUS® is proud to be a member of Made in Britain.

The Made in Britain marque was created to help buyers at home and abroad identify and choose British made goods. We are proud to display the marque; with our workshop based in rural Suffolk we have a dedicated team whom take pride in assembling each individual Off-Road OPUS® to customer specifications. This allows us the flexibility to customise many options on the camper, but also gives us pride in our workmanship.

Our Off-Road OPUS® campers are designed and manufactured specifically to ensure maximum strength, longevity and ease of use whilst keeping overall weight to a minimum.

CONSTRUCTION

Strong yet lightweight aluminium frame

The external aluminium frame of the Off-Road OPUS® has huge weight saving benefits, yet provides rigidity and strength. The inset panels also constructed from polycarbonate are fully insulated to maximise internal warmth for those chilly nights away!

Lightweight canvas AIR tent

The Off-Road OPUS® AIR tent has been tested to withstand the elements. We use advanced triple layer technology in our AIR tubes to create the most durable product on the market; tested on a Cornish cliff face to withstand brisk winds.

Braked trailer with 13 pin electrics

The 13 pin electrical system allows the leisure battery to charge whilst driving and will even keep your fridge cool! Due to the **Off-Road OPUS®** being lightweight and the trailer being braked, towing is completely hassle free!

TOWING

CHASSIS OPTIONS

The **Off-Road OPUS®** uses a British engineered and built Knott off-road chassis which complies with European Type Approval. **The overall base weight is just 1100kg!** We then offer 3 different chassis rating options depending on the category of your driving licence and your desired payload. Our most popular rating is 1500kg, leaving a 400kg payload for everything you need for all your personal items and adventure gear.

1250 Giving you 150kg payload

1500 Giving you 400kg payload

1750 Giving you 650kg payload

ROOF CARRYING

Load carrying roof for all occasions

Two reinforced lids and a universal racking system make **Off-Road OPUS®** the perfect load-carrying platform for bikes, boats, kayaks and more. We have teamed up with Thule Sweden to give you options for all occasions.

EXTERNAL STORAGE

Space to bring everything you need and more
The **Off-Road OPUS®** is fitted with a large exterior storage drawer, internal 12V power point as well as dedicated gas storage for 2 bottles. The handy rack on top allows for additional tie down storage, enabling you to make the most of the **Off-Road OPUS®** carrying capability.

OUTDOOR COOKING

Take your cooking to the next level with the Integrated External 3 Burner Hob
Sliding from the rear external storage access point, you can be cooking up a feast in minutes! The stainless steel hob includes a drawer, perfect for storing barbecue tools. If you have the awning attached, the hob can be mounted on supplied legs for safe use.

ADVENTURE FURTHER

All-Terrain Wheels and Tyres

The **Off-Road OPUS®** comes fitted with two high performance all-terrain wheels as standard, and a spare wheel can be mounted onto the rear of the body. It conveniently lowers to avoid obstructing the opened lid.

Keep hydrated with space for up to 3 containers for fresh and waste water

Don't worry about going thirsty again when you're away from a fresh water supply – each container can hold up to 23 litres and is fitted with wheels and handle to make moving effortless.

Tackling loose terrain?

The **Off-Road OPUS®** is protected by a wide stone guard covered with a dense mesh, ready to deflect any stones and debris that may be flicked up by your tow vehicle.

Independent Spring Suspension

From urban pot-holes to uneven country tracks – bumpy terrain is no match for the **Off-Road OPUS®** with its spring suspension offering a smooth drive wherever you take it.

Gas and electrics are no longer reserved for inside use

Behind two water resistant covers you will find a standard gas outlet and a 230V 3-pin electricity outlet, so you can cook and stay connected outside for day time cookouts and relaxing warm evenings.

STEP UP

No more stretching with the folding Triple Step

Step into your **Off-Road OPUS®** in style. These fantastic folding steps are made from lightweight aluminium – just 6.6kg – and fold flat for easy storage inside your **Off-Road OPUS®**.

SPACE

OVERVIEW

Whether adventuring solo, with family, friends or all of the above **Off-Road OPUS®** can be configured to sleep up to 10 happy campers with the space to store enough food and drink for them all and more!

The **Off-Road OPUS®** Camper itself will sleep 6, 4 in the 2 fixed double beds as well as 2 in the converted seating area. The addition of the optional **AIR Awning** will allow you to sleep up to 10.

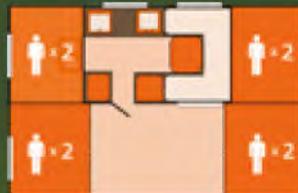

SLEEP UP TO 10 FEED THE 5000

4 berth
2 Fixed double beds

6 berth
2 Fixed double beds
Converted seating area

8 berth
2 Fixed double beds
2 awning bed pods

10 berth
2 fixed double beds

SIDE SKIRTS

Expand your storage with our custom made **OPUS®** side skirts. Made from the same lightweight, super functional material as the **Off-Road OPUS®** AIR Tent the side skirts conveniently zip onto the bottom of the main tent. Each of the side skirts have zipped section where you can access all of your treasures.

Side skirts

- Including:
- Pair of side skirts
 - Rear skirt

AIR AWNING

Our AIR Awning is custom made and designed to compliment the shape and style of the **Off-Road OPUS®** itself. It's incredibly fast to set up and pack down, using the same triple layer AIR beam technology as the main canvas.

The AIR Awning adds a large additional living space and two inner bedrooms transforming your **Off-Road OPUS®** to a 10 berth camper. Meaning enough space for you, your kids, both sets of grandparents (in-laws optional) and whoever else you might want to come along.

Complete AIR Awning

Including:

- **Main Awning, with zipped access to front storage box**
- **Pair of Inner Bed Tents**
- **Removable Ground Sheet**
- **Front Skirt**
- **Straps, pegs & fixings**

Optional extras:

- **LED Lighting**

AIR SUN CANOPY

Our AIR Sun Canopy is custom made to quickly and easily extend the living area of your **Off-Road OPUS®**. The AIR Sun Canopy is an absolute breeze to set-up, using AIR beam technology it inflates in minutes, offering a massive area to get you out of the sun (or rain) and back to enjoying your adventure.

AIR Sun Canopy

Including:

- **Main Canopy**
- **Straps, pegs & fixings**

Optional extras:

- **LED Lighting**

AIR Wind Break Set

Including:

- **2 large panels**
- **2 small panels**
- **Straps, pegs & fixings**

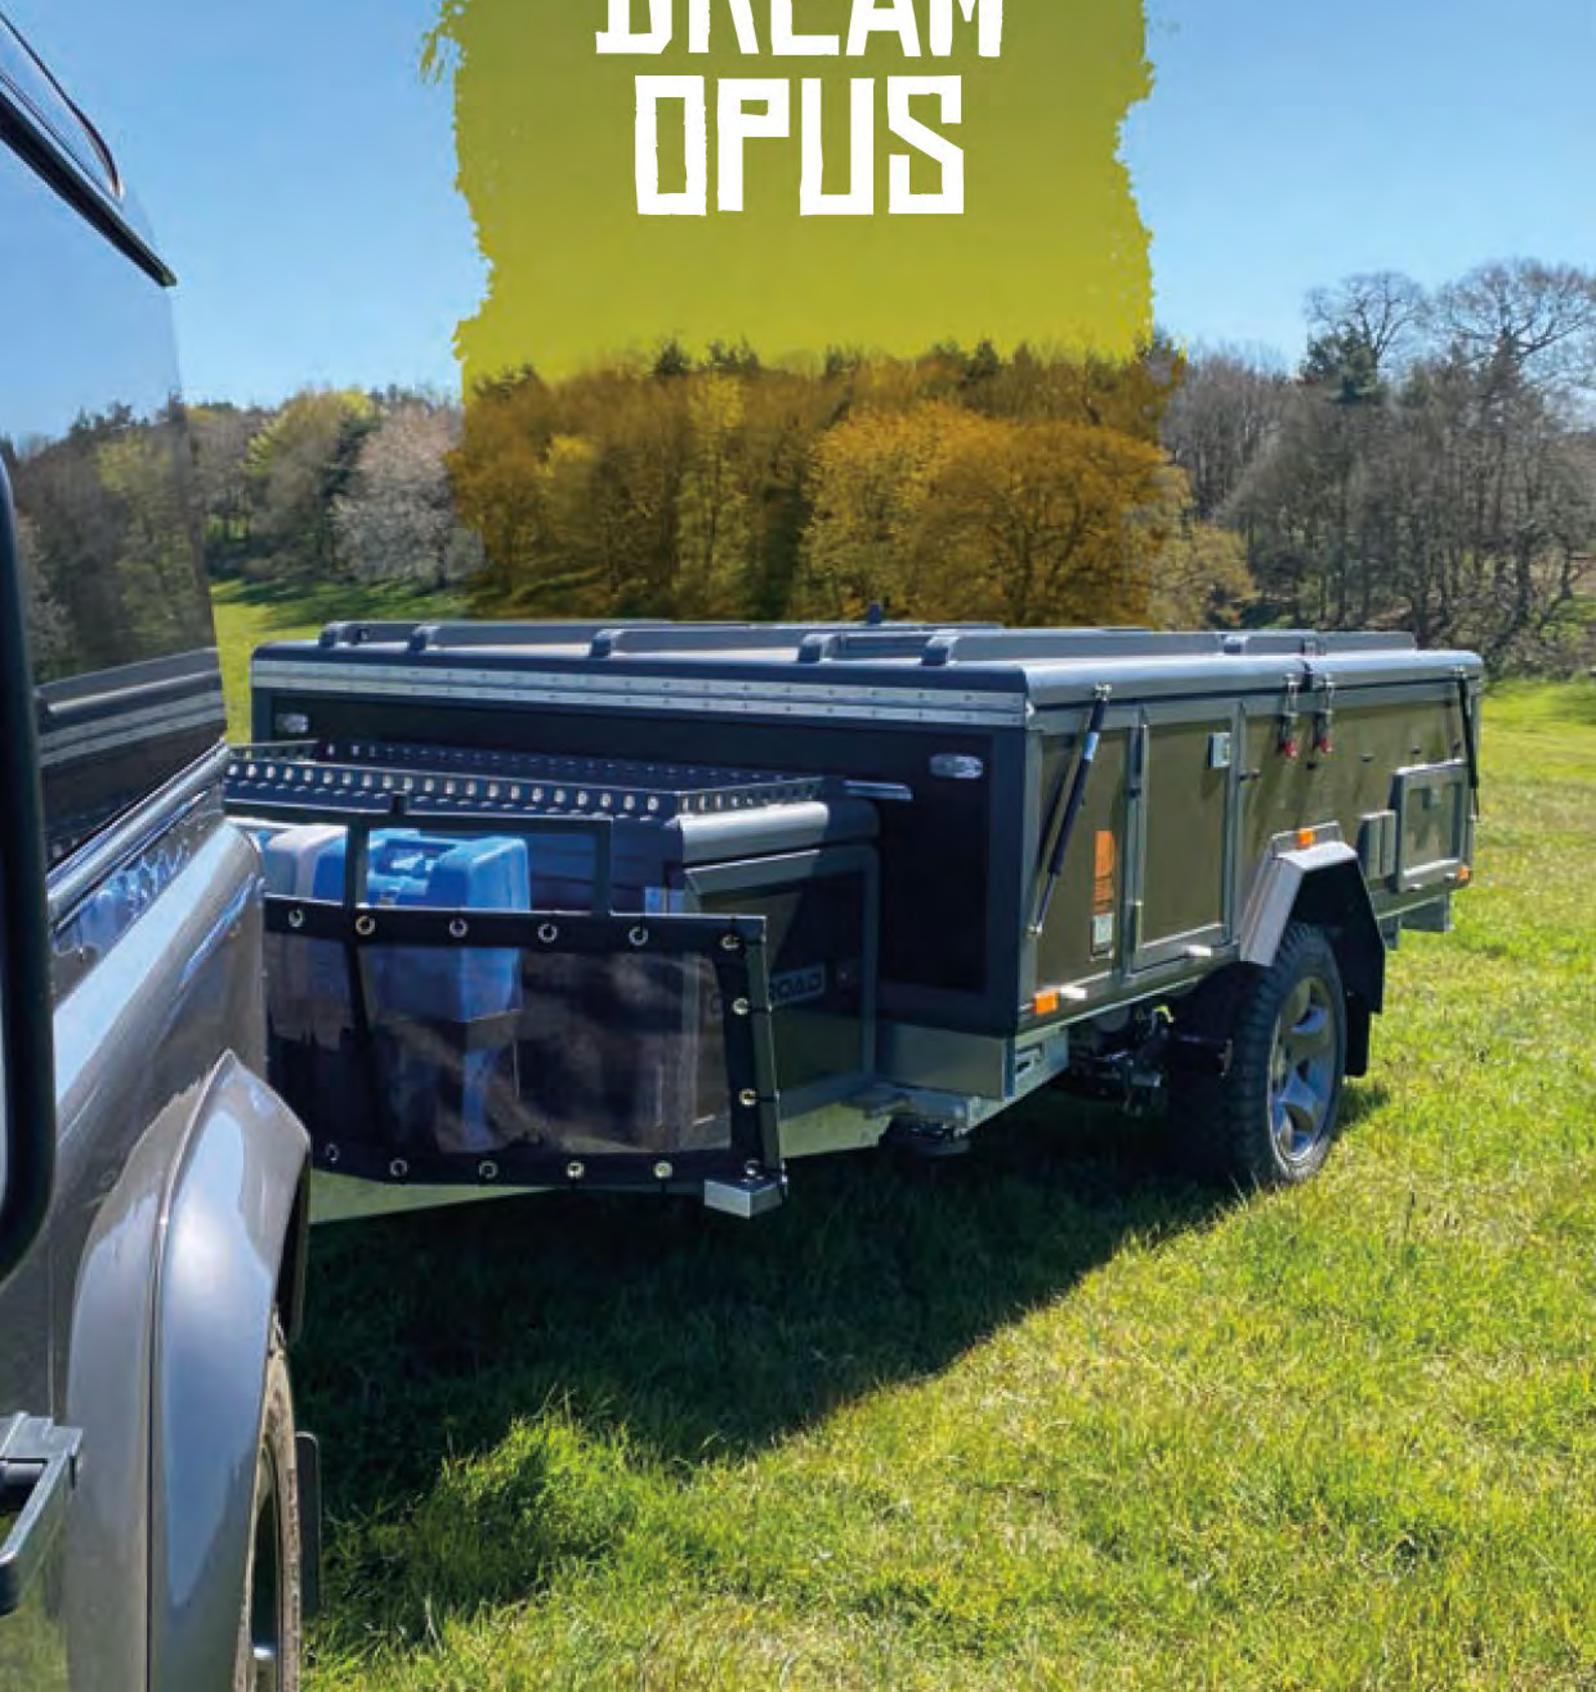

Optional extras:

- **Additional large panel**

AIR WIND BREAK

Our AIR Wind Break expands your **Off-Road OPUS®** experience by extending your outside space. The AIR Wind Break set comes complete with 4 panels, 2 large (2.4m long) and 2 small (1.2m long) which can give you up to 7.2m of extra space! These panels can be zipped together in any configuration desired and inflated using your built-in **Off-Road OPUS®** pump or the included hand-pump. You can extend your space even further with additional large panels.

YOUR DREAM OPUS

The OPUS logo is rendered in a white, stylized, outlined font. The letter 'O' is unique, featuring a triangular shape on its left side that points towards the left. The letters 'P', 'U', and 'S' are also stylized with sharp, angular edges. A registered trademark symbol (®) is positioned at the top right of the 'S'.
